

Fiscal Year 2016 Inspector General Statement on the Social Security Administration's Major Management and Performance Challenges

A-02-17-50240

November 2016

Office of Audit Report Summary

Objective	Challenges
To summarize and assess the most serious management and performance challenges facing the Social Security Administration (SSA).	SSA faced the following challenges in FY 2016.
Background The <i>Reports Consolidation Act of 2000</i> requires that Inspectors General summarize and assess the most serious management and performance challenges facing agencies and the agencies' progress in addressing those challenges.	<ul style="list-style-type: none">While the number of pending initial disability claims has decreased, the Agency still faces challenges with pending hearings and appeals. Continued focus on decisional quality is essential to ensure the integrity of the process. Read more.Given the large overall dollar amounts involved in SSA's payments, even the slightest error in the overall process can result in millions of dollars in over- or underpayments. Read more.SSA faces several challenges as it pursues its mission to deliver quality services, including rapid advances in technology and an aging population and workforce. Read more.SSA must modernize its information technology infrastructure to accomplish its mission despite budget and resource constraints. Read more.SSA must ensure its information systems are secure and sensitive data are protected. Read more.Protecting the SSN and properly posting the wages reported under SSNs are critical to ensuring eligible individuals receive the full benefits they are due. Read more.Failure to plan properly to meet its mission and challenges will lessen the Agency's ability to provide its services efficiently and effectively now and in the future. Similarly, mismanagement and waste, as well as a lack of transparency for citizens in Government operations, can erode trust in SSA's ability to tackle the challenges it faces. Read more.
In Fiscal Year (FY) 2016, we focused on the following management and performance challenges: Reduce Disability Backlogs and Improve Decisional Quality; Reduce Improper Payments and Increase Overpayment Recoveries; Improve Customer Service; Modernize Information Technology Infrastructure; Secure Information Systems and Protect Sensitive Data; Strengthen the Integrity and Protection of the Social Security Number (SSN); and Strengthen Planning, Transparency, and Accountability.
