

SOCIAL SECURITY

November 9, 2005

To: The Honorable Jo Anne B. Barnhart
Commissioner

This letter transmits the PricewaterhouseCoopers LLP (PwC) *Report of Independent Auditors* on the audit of the Social Security Administration's (SSA) Fiscal Year (FY) 2005 and 2004 financial statements. PwC's Report includes the firm's *Opinion on the Financial Statements*, *Report on Management's Assertion About the Effectiveness of Internal Control*, and *Report on Compliance and Other Matters*.

Objective of a Financial Statement Audit

The objective of a financial statement audit is to determine whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation.

PwC's examination was made in accordance with generally accepted auditing standards, *Government Auditing Standards* issued by the Comptroller General of the United States, and Office of Management and Budget (OMB) Bulletin 01-02, *Audit Requirements for Federal Financial Statements*. The audit included obtaining an understanding of the internal control over financial reporting and testing and evaluating the design and operating effectiveness of the internal control. Because of inherent limitations in any internal control, there is a risk that errors or fraud may occur and not be detected. The risk of fraud is inherent to many of SSA's programs and operations, especially within the Supplemental Security Income (SSI) program. In our opinion, people outside the organization perpetrate most of the fraud against SSA.

Audit of Financial Statements, Effectiveness of Internal Control, and Compliance with Laws and Regulations

The Chief Financial Officers (CFO) Act of 1990 (P.L. 101-576), as amended, requires SSA's Inspector General (IG) or an independent external auditor, as determined by the IG, to audit SSA's financial statements in accordance with applicable standards. Under a contract monitored by the Office of the Inspector General (OIG), PwC, an independent certified public accounting firm, audited SSA's FY 2005 financial statements. PwC also audited the FY 2004 financial statements, presented in SSA's Performance and Accountability Report for FY 2005 for comparative purposes. PwC issued an unqualified opinion on SSA's FY 2005 and 2004 financial statements. PwC also reported that SSA's assertion that its systems of accounting and internal control are in compliance with the internal control objective in OMB Bulletin 01-02 is fairly stated in all material respects.

Since 1997, SSA has had a reportable condition in its internal control concerning protection of information. Specifically, PwC found weaknesses in controls over access to SSA's electronic information, technical security configuration standards, suitability, and continuity of systems operations. Access to the information, or access

control, is the most important of these factors. For the FY 2005 financial statement audit, PwC views the prior reportable condition in SSA's internal control, "SSA Needs to Further Strengthen Controls to Protect Its Information," as resolved. We applaud the extraordinary efforts SSA has taken to successfully address the key issues surrounding the reportable condition.

OIG Evaluation of PwC Audit Performance

To fulfill our responsibilities under the CFO Act and related legislation for ensuring the quality of the audit work performed, we monitored PwC's audit of SSA's FY 2005 financial statements by:

- Reviewing PwC's approach and planning of the audit;
- Evaluating the qualifications and independence of its auditors;
- Monitoring the progress of the audit at key points;
- Examining its workpapers related to planning the audit and assessing SSA's internal control;
- Reviewing PwC's audit report to ensure compliance with Government Auditing Standards and OMB Bulletin 01-02;
- Coordinating the issuance of the audit report; and
- Performing other procedures that we deemed necessary.

PwC is responsible for the attached auditor's report, dated November 7, 2005, and the opinions and conclusions expressed therein. The OIG is responsible for technical and administrative oversight regarding PwC's performance under the terms of the contract. Our review, as differentiated from an audit in accordance with applicable auditing standards, was not intended to enable us to express, and accordingly we do not express, an opinion on SSA's financial statements, management's assertions about the effectiveness of its internal control over financial reporting, or SSA's compliance with certain laws and regulations. However, our monitoring review, as qualified above, disclosed no instances where PwC did not comply with applicable auditing standards.

REPORT OF INDEPENDENT AUDITORS

To the Honorable Jo Anne B. Barnhart
Commissioner
Social Security Administration

In our audit of the Social Security Administration (SSA), we found:

- The consolidated balance sheets of SSA as of September 30, 2005 and 2004, and the related consolidated statements of net cost, of changes in net position, and of financing and the combined statements of budgetary resources for the years then ended are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America;
- Management fairly stated that SSA's systems of accounting and internal control in place as of September 30, 2005, are in compliance with the internal control objectives in the Office of Management and Budget (OMB) Bulletin No. 01-02, *Audit Requirements for Federal Financial Statements*, requiring that (1) transactions be properly recorded, processed and summarized to permit the preparation of the consolidated and combined financial statements in accordance with accounting principles generally accepted in the United States of America, and to safeguard assets against loss from unauthorized acquisition, use or disposition; (2) transactions are executed in accordance with laws governing the use of budget authority, other laws and regulations that could have a direct and material effect on the consolidated or combined financial statements or Required Supplemental Stewardship Information (RSSI) and any other laws, regulations and government wide policies identified in Appendix C of OMB Bulletin No. 01-02;
- No reportable instances of noncompliance with the laws, regulations or other matter tested.

The following sections outline each of these conclusions in more detail.

OPINION ON THE FINANCIAL STATEMENTS

We have audited the accompanying consolidated balance sheets of SSA as of September 30, 2005 and 2004, and the related consolidated statements of net cost, of changes in net position, and of financing and the combined statements of budgetary resources for the years then ended. These financial statements are the responsibility of SSA's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Bulletin No. 01-02. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated and combined financial statements referred to above and appearing on pages 116 through 135 of this performance and accountability report, present fairly, in all material respects, the financial

position of SSA at September 30, 2005 and 2004, and its net cost of operations, changes in net position, budgetary resources and financing for the years then ended in conformity with accounting principles generally accepted in the United States of America.

REPORT ON MANAGEMENT'S ASSERTION ABOUT THE EFFECTIVENESS OF INTERNAL CONTROL

We have examined management's assertion that SSA's systems of accounting and internal control are in compliance with the internal control objectives in OMB Bulletin No. 01-02, requiring that (1) transactions be properly recorded, processed and summarized to permit the preparation of the consolidated and combined financial statements in accordance with accounting principles generally accepted in the United States of America, and to safeguard assets against loss from unauthorized acquisition, use or disposition; and (2) transactions are executed in accordance with laws governing the use of budget authority, other laws and regulations that could have a direct and material effect on the consolidated or combined financial statements or RSSI and any other laws, regulations and government wide policies identified in Appendix C of OMB Bulletin No. 01-02 as of September 30, 2005. We did not test all internal controls relevant to the operating objectives broadly defined by the Federal Managers' Financial Integrity Act of 1982. SSA's management is responsible for maintaining effective internal controls. Our responsibility is to express an opinion on management's assertion based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants (AICPA), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and OMB Bulletin No. 01-02 and, accordingly, included obtaining an understanding of the internal control, testing and evaluating the design and operating effectiveness of internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

Because of inherent limitations in any internal control, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of internal control to future periods are subject to the risk that the internal control may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, management's assertion that SSA's systems of accounting and internal control are in compliance with the internal control objectives in OMB Bulletin No. 01-02, requiring that (1) transactions be properly recorded, processed, and summarized to permit the preparation of the consolidated and combined financial statements in accordance with accounting principles generally accepted in the United States of America, and to safeguard assets against loss from unauthorized acquisition, use or disposition; and (2) transactions are executed in accordance with laws governing the use of budget authority, other laws and regulations that could have a direct and material effect on the consolidated or combined financial statements or RSSI and any other laws, regulations and government wide policies identified in Appendix C of OMB Bulletin No. 01-02, is fairly stated, in all material respects, as of September 30, 2005.

We did note other matters involving the internal control and its operation that we will communicate in a separate letter.

INTERNAL CONTROL RELATED TO KEY PERFORMANCE INDICATORS AND RSSI

With respect to internal control relevant to data that support reported performance measures on pages 16, 17 and 18 of this performance and accountability report, we obtained an understanding of the design of significant internal control relating to the existence and completeness assertions, as required by OMB Bulletin No. 01-02. Our procedures were not designed to provide assurance on the internal control over reported performance measures and, accordingly, we do not express an opinion on such control.

In addition, we considered SSA's internal control over RSSI by obtaining an understanding of SSA's internal control, determined whether these internal controls had been placed in operation, assessed control risk, and performed tests of controls as required by OMB Bulletin No. 01-02 and not to provide assurance on these controls. Accordingly, we do not provide an opinion on such controls.

REPORT ON COMPLIANCE AND OTHER MATTERS

The management of SSA is responsible for compliance with laws and regulations. As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws and regulations, noncompliance with which could have a direct and material effect on the determination of financial statement amounts and certain other laws and regulations specified in OMB Bulletin No. 01-02, including the requirements referred to in the Federal Financial Management Improvement Act (FFMIA) of 1996. We limited our tests of compliance to these provisions, and we did not test compliance with all laws and regulations applicable to SSA. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of our tests of compliance disclosed no instances of noncompliance with laws and regulations discussed in the preceding paragraph exclusive of FFMIA or other matters that are required to be reported under *Government Auditing Standards* or OMB Bulletin No. 01-02 as of September 30, 2005.

Under FFMIA, we are required to report whether SSA's financial management systems substantially comply with the Federal financial management systems requirements, applicable Federal accounting standards, and the United States Government Standard General Ledger at the transaction level. To meet this requirement, we performed tests of compliance with FFMIA section 803(a) requirements.

The results of our tests disclosed no instances in which SSA's financial management systems did not substantially comply with the three requirements discussed in the preceding paragraph as of September 30, 2005.

OTHER INFORMATION

The Management's Discussion and Analysis (MD&A) included on pages 6 and 58 Required Supplementary Information (RSI) included on pages 1 and 2, and 141 and 142, and Required Supplementary Stewardship Information (RSSI) included on pages 143 to 161 of this performance and accountability report, are not a required part of the financial statements but are supplementary information required by the Federal Accounting Standards Advisory Board and OMB Circular A-136, *Financial Reporting Requirements*. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the MD&A, RSI and RSSI. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the consolidated and combined financial statements of SSA taken as a whole. The Schedule of Budgetary Resources, included on page 141 of this performance and accountability report, is not a required part of the consolidated or combined financial statements but is supplementary information required by OMB Circular A-136, *Financial Reporting Requirements*. This information and the consolidating and combining information included on pages 136 to 140 of this performance and accountability report are presented for purposes of additional analysis and are not a required part of the consolidated or combined financial statements. Such information has been subjected to the auditing procedures applied in the audit of the consolidated and combined financial statements and, in our opinion, are fairly stated in all material respects in relation to the consolidated and combined financial statements taken as a whole.

PRICEWATERHOUSECOOPERS

The other accompanying information included on pages 3 to 5, 59 to 115, 162 to 164, and 169 to the end of this performance and accountability report, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the consolidated and combined financial statements and, accordingly, we express no opinion on it.
